

### Circuit Mission Fund

The Barnsley Methodist Circuit Mission Fund is to be used to support mission work across the Circuit either organised directly through the Circuit or one of its churches or to support ecumenical work in which the Circuit is a partner.

The fund will give the Circuit a positive focus on mission and ensure that we reflect this focus properly in our planning for the future.

The fund will be resourced with an annual grant from the Circuit Model Trust Fund and using the funds from any churches in the Circuit which may close. It is also possible for churches and individuals to make contributions to the fund in order to support an outward looking approach to mission across the Circuit. If you would like to make a contribution to this fund please contact Jayne Wragg in the Circuit Office or speak to your Church Treasurer. If you feel it is appropriate for your church to make a contribution please raise it through your Church Council.

This is an exciting opportunity for our Circuit to be properly resourced for Mission in the future.
